

Lew Jackson, Jr.

*Candidate for Mayor
of the City of Campbell*

Dear Fellow Citizens:

I, Lew Jackson, Jr., have represented you in some capacity for the past decade. On August 1, 2000, I was appointed to fill the unexpired term of the Fourth Ward Councilman, and also held the position of City Administrator from 2008 through February 2011. In March 2011, I was appointed once more to fill the unexpired term of the Fourth Ward Council seat.

I have been a resident of the City of Campbell since 1955 and graduated from Campbell Memorial High School. I am married to the former Mary Ann Wilaj. We are the parents of three sons: Jeffrey, Donald and Lewis, who have blessed us with eight grandchildren.

I retired in 2003 from Cold Metal Products after 38 years of service. During my employment, I served as Grievance Man and Treasurer for the bargaining unit the first 15 years. I became a Supervisor in 1988, and held that position until my retirement.

I am a member of Holy Trinity Church and a past member of Parish Council. I coached Little League in Campbell for 16 years and now have grandchildren involved in the Campbell Sports Program.

Some of my most recent accomplishments and future endeavors include the following:

1. I intently worked with the Brownfield Restoration Group and several State Officials and obtained the Clean Ohio grant in the brownfield area.
2. I successfully worked with the City Consultant to acquire the grant for the Sewer Separation Project in order to remedy the flooding in the Pin Oaks, Penhale Avenue and 14th Street area.
3. I was involved in the decision to appoint 10 Part-time Firefighters, one criteria that had to be met in order to reduce the homeowners' insurance rates.

4. I closely worked with the grant writer and Fire Chief to purchase the new fire truck.
5. I have established a very good working relationship with all department heads and employees of the City.
6. I intend to continue negotiations with the owners of Sherman International and Calex (Pro Fab) in order to attain jobs at the two locations.
7. I plan to setup meetings with Cold Metal Products and Youngstown Pipe to find out the delay on moving into the City. We need the income tax money!
8. I also intend to meet with the two individuals who are interested in the commercial property located at the corners of Sycamore Drive and Rt. 422 and also at Woodland Avenue and Rt. 422.
9. I plan to file for grants to fix the streets in the City. We cannot fix two streets a year and ever think we will complete the job!

I would appreciate your vote for Mayor during the Primary Election to be held on Tuesday, September 27, 2011, and also during the General Election on Tuesday, November 8, 2011. I will continue to work for you in an attempt to bring our City back to what it once was!

Sincerely,

Lew Jackson, Jr.

Candidate for Mayor
